Rely on the Government

- ❌ You are a recipient of care, NO control over who treats you, when you receive care, or what services are provided.
- ❌ Initial and ongoing eligibility is assessed by regulated health care professionals and assistance may be declined or reduced.
- ❌ NO support for instrumental activities of daily living are provided such as laundry, grocery shopping, light housekeeping or meal preparation.

myDIGNITY

- ✅ You are a consumer of care, you have 100% control over the who, when & what is provided.
- ✅ Eligibility for benefits is immediate upon the completion of a simple claim form signed by your doctor.
- ✅ You have the flexibility to direct your care whether that is personal care, home making or community outings.

People prefer to be at home when they need care.
